Marine Supplies Since 1928

Congratulation on your decision to own a Nordic Tug!

We know how much effort and planning goes into owning a boat and would like to make sure you have a great resource for items to enhance your boating experience while staying safe on the water! That's why we've partnered with PaNNTOA (*Pacific Northwest Nordic Tug Owner's Association*) and invite you to establish an account with us. **This account will give you discounted pricing** on the majority of products we sell – especially items like maintenance supplies, flares, fenders and life jackets!

Whether you are a first time boat owner or a seasoned pro, everyone needs help from time to time. At Fisheries Supply, we have worked hard to establish a deserved reputation for exceptional customer service. Our knowledgeable staff is made up of active Northwest boaters who understand the excitement (and challenges!) of owning a boat and are happy to assist with anything you may need. In business for over 80 years, Fisheries Supply is a locally owned company that has a long history in the marine industry. With over 800 product lines and over 90,000 items in stock – we have what you need and can offer those items at competitive prices.
